WORK & LEADERSHIP EXPERIENCE

Tsing Capital

Intern Analyst

Beijing, China

June 2016 – August 2016

June 2017 – August 2016

- Shadowed experienced Venture Capital Analyst and learned the intricate process of due diligence, fund raising while had an insightful look at the future of Green Tech development globally, but especially China
- Selected Project Experience:
 - My task was to find a new communication platform and integrate it into the organizations system. I did my research about different corporate communication platforms, and suggested several, one which Tsing Capital took my suggestion seriously and integrated into their system
- Selected Project Experience II:
 - I was instructed to shadow the process of approving a deal for the first round of funding. I was instructed to prepare the power points and create models in excel. The information I created was then used by my employer to present his case to the partners in the firm for voting.
