## Questions

1. What are your short term and long term professional goals? **(75 words max)**

Currently, my short term professional goal is to work as a consultant for one of the Big Four firms as I really enjoy problem-solving and the opportunity to create a lasting impact. In the long term, I hope to be able to utilize the experience and skills equipped from my work in consulting to spearhead the e-commerce side of my family's retail businesses back in Thailand since technology has begun to transform the industry's landscape.

2. Based on what you know so far, how do you think Alpha Kappa Psi can help you in your professional endeavors? **(75 words max)**

I will be able to grow professionally through AKPsi's professional development programs and workshops, as well as the fraternity's members (brothers). Based on my conversations with AKPsi brothers during the recruitment events, it is clear to me that the fraternity can help me in my professional endeavors just by surrounding me with inspiring people who will push me to achieve as great accomplishments and help me find opportunities that will develop me professionally.

3. If you were a brother of Alpha Kappa Psi, how would you contribute professionally to the brotherhood? **(150 words max)**

If I were an AKPsi brother, I would contribute to the brotherhood professionally by helping organize and execute the fraternity's various events, specifically through event planning and marketing (creating promotional materials). I also envision myself initiating projects related to community service like the fraternity's recent adopt-a-duck program, as giving back is a passion of mine. Additionally, I would contribute professionally to the brotherhood by serving as a resource to fellow AKPsi brothers, whether that is through the offering of advice, sharing business practices learned from my past experiences, or

helping others remain on track for their careers. Perhaps I will be able to deliver my own educational program or share my skills with fellow brothers.

### **Optional Submission**

If you have any personal work (i.e. poem, art piece, programming scripts, etc.) that will help us understand your professional capabilities even further, feel free to include that with your application as well.
