Currently, my concentration is in finance. My short term professional goals is to learn as much as possible in Babson. Try my best to success in all the courses that I take, and apply to internship so I'm able to get a taste of how the real world company works.

I'm not clear on how my long term professional goals look like, because I'm still not sure if finance is really the field I want to do. I believe Alpha Kappa Psi can help me figure out what I want to do when I graduate. All the brothers have their own unique experiences and are willing to share them with others. I'm sure I can get a lot useful advice.

2. If you were a brother of Alpha Kappa Psi, what would you contribute to the brotherhood? **150 words max)**

If I am a brother of Alpha Kappa Psi I will definitely dedicate significant amount of my time to the organization, and be an active member. I'll attend as many meetings as possible, and share all my knowledge and opinions with others. Most importantly, I am willing to help and support the other brothers whenever they need me. I might not know the answer to their problem, however I'll willing to stand alone their side and figure out the answer together.

3. Out of all the applicants, what do you think makes you unique? Why do you believe you should be extended a bid? **(200 words max)**

I have studied in institutions from different countries; China, France, and United States. Thus, I have a global view of the world. Moreover, I have been working in a real estate company in China where I learned how to analyze and understand the market, as well as product orientation, product advertisement and sales volume of product. I experience what it feels like to work in a company outside of U.S and I'm able to advice the other brothers if they are interested to work in other country.

I'm strong, determined and I possess an entrepreneurial nature. I'm willing to learn, and work as a team with others. I look forward to be part of Alpha Kappa Psi.
