

Alpha Kappa Psi Professional Application

Please answer the questions below. When you have finished answering the questions, please send an email to **akpsigammanu@gmail.com** by 11:59 PM on Sunday, February 11 with the following attached:

- Document with answered questions
- Single-page Resume

Under no circumstances will late applications be accepted.

Questions

1. What are your short term and long term professional goals? (75 words max)

I'm currently securing an internship with NFTE (The Network for Teaching Entrepreneurship) in their summer fellows program which includes assignments in program management, marketing, and mentoring students. I would love to take this opportunity as well as the MCFE program to explore my career interests and be able to choose a career to pursue. Long term, I would like to hone my teamwork and communication skills to enter the consulting or project management fields.

2. Based on what you know so far, how do you think Alpha Kappa Psi can help you in your professional endeavors? (75 words max)

The brothers of Alpha Kappa Psi have so many diverse abilities and interests professionally. I believe that in getting to know them, as well as participating in various professional events, I will come to better understand where my professional abilities fit in the working world. I am not completely set on a career path yet, and my time in Alpha Kappa Psi would help me to determine what profession I want to pursue.

3. If you were a brother of Alpha Kappa Psi, how would you contribute professionally to the brotherhood? (150 words max)

A great professional must be willing to learn and grow to become better at their job. I have always been willing to explore and try new things, which has brought me many new skills including Photoshop and social media management. My current job is entirely marketing related, where I'm asked to create content for social media as well as flyers to peak student engagement on campus. I would love to share these skills with the fraternity. Though Alpha Kappa Psi is a professional fraternity, I know that there are a lot of important social and community service activities as well. Prior to college, when I worked for Michaels Crafts, I was helping to plan parties and teach classes for all ages in many different mediums including cake decorating, flower arranging, and general crafts. I believe these could be useful for both social and service events.

Optional Submission

If you have any personal work (i.e. poem, art piece, programming scripts, etc.) that will help us understand your professional capabilities even further, feel free to include that with your application as well.

Graphics I created for various Lewis Institute needs including Good Business Friday events, and their monthly newsletter.
