

AKPSI

Alpha Kappa Psi Rush Application Fall 2018

Instructions: Submit this document with the questions answered **AND** a copy of your resume. You must submit this application to akpsigammanu@gmail.com (or on our website at www.akpsibabson.org) by Sunday, September 16th by 11:59pm. Under no circumstances will late applications be accepted. You **MUST** submit an application in order to move on in the rush process!

1. What are your short term and long term professional goals? How do you think Alpha Kappa Psi can help you in your professional endeavors? **(200 words max)**

At Babson I got to meet incredible people who managed to already launch start-ups, work on projects, and intern at all kinds of companies around the world. Living in this vibrant community inspired me to try starting something of my own. I have many start-up ideas (some more extravagant than others), thus, joining AKPsi will help me to get to know more people with whom I can work on projects and brainstorm business ideas. I've been learning how to code and researching about all kinds of emerging startups. Furthermore, all the AKPsi brothers have had a great deal of experiences in all the fields of business, which will provide me with a better insight and perspective on certain jobs and careers. I'm still not fully set on the exact concentration that I want to pursue; therefore, talking to the brothers about various opportunities could be very valuable. I'm still searching and applying for summer 2019 internships, and I believe that the brothers could help me find my perfect summer experience in fields like IT management, operations, or finance.

2. If you were a brother of Alpha Kappa Psi, what would you contribute to the brotherhood? **150 words max)**

As Alpha Kappa Psi is a professional fraternity, I am looking to bring my connections and experience to the brotherhood. I have a very diverse background, and went to two boarding schools with a large international student population. That in itself will bring new perspective to the conversations and more ideas for some of the events. Furthermore, I was the CEO of my FME business, 1Charge, so I can bring my leadership skills and ability to organize events. If I were to join AKPsi I would love to organize social as well as professional events for the brothers. My positive attitude and high energy will also contribute to the community. As I was a Resident Leader in my boarding schools, I had to help students with any arising issues, both personal and professional. However, our job was also more than just keeping the dorms clean and organized; we also had to lead many social events on campus, including orientation.

3. Out of all the applicants, what do you think makes you unique? Why do you believe you should be extended a bid? **(200 words max)**

I consider myself a very down to earth person who can provide real support and listen to others. As a brother, I would participate in all the fraternity events and spend time with the brothers to learn more about each one of them. I believe a community is all about support, and I want to help create and maintain that family feel at AKPsi. I also have plenty of ideas on how to grow the community: invite more speakers to come and talk about their professional journeys and opportunities for the brothers, attend conferences in Boston or New York City, which could be great for professional development. Socially, AKPsi could also have more gatherings on and off campus. From attending the info sessions, I learned that the brothers like to travel together. I've also been to over twenty countries around the world, and I would love to continue traveling with the brothers and meeting AKPsi alumni around the world.
