

AKΨ Gamma Nu Application

Full Name: Hyunseo Ahn

Expected Graduation Date (Month/Year): May 2021

1. Have you previously rushed Alpha Kappa Psi? (Yes/No)

2. What other organizations/extracurriculars are you a part of?

- Symphony Church Family Group
- BAPSA
- Babson Consulting Association

3. How will you contribute to the fraternity? (max 300 words)

Through volunteer and work, I was able to coordinate a lot of different events from fundraisers to galleries to rallies and dances so I am skilled at multitasking, communicating, and keeping myself organized. I think I'll be able to pitch some creative ideas throughout the year for events and be able to help out with advertising. I dabbled a little with computer graphics and painting so I'd be willing to paint posters and design flyers.

4. How do you measure success? (max 300 words)

As much as tangible accomplishments matter in measuring success, I feel that the experiences building up to it are just as important. I know that sounds really cheesy but looking back, I think the small lessons you learn and the moments you share with your peers are what shapes you into the person you are today. And if you're happy with who you are and content with what you are doing, I would consider that being successful. It's always good to have a goal to aim for but that shouldn't prevent you from enjoying your present state.

5. What previous experience from your past makes you feel like you relate to AKPsi?

I was always involved in some sort of student government since elementary school so I'm used to having a supportive environment around me. I really like getting involved on campus and helping others out too so I feel like a brotherhood will make me feel more at home on campus.
