**Full Name:** Pemika (Pepe) Chirakiti

**Expected Graduation Date (Month/Year):** May 2021

**1. Have you previously rushed Alpha Kappa Psi? (Yes/No)**

No.

**2. What other organizations/extracurriculars are you a part of?**

Women Giving Back, Campus Activities Board, BAPSA, Babson Consulting Association, Babson Business in Asia Association, and Babson Thai Association.

**3. How will you contribute to the fraternity? (max 300 words)**

AKPsi's core values are ones that I share - the commitment, passion, and intention I have for the fraternity will translate into my personal development as an innovative business leader, and that of fellow brothers through my contributions. As a brother, I envision myself fostering great lasting relationships, becoming a person that all can trust and rely on to provide aid at all times. Other than being open to learning others' experiences and knowledge, I too am willing to share my own in turn. Most importantly, I'll be found contributing to the planning and execution of fraternity events, creating economic and social value for the community, forming a unified and welcoming community of brothers, and representing AKPsi in a professional manner.

**4. How do you measure success? (max 300 words)**

Success, to me, is the ability to well balance work and personal interests without stress. This equilibrium is achieved if I find that the tasks required of my job are not seen as "work", and that I am able to spend time with friends and family, while pursuing my own personal interests. Like most people, another measurement of success is to be making a wealth of money and making a name for ourselves in the business industry. Lastly, another measurement of success is if I have developed into a person that my parents can be proud of and have made others around me better.

**5. What previous experience from your past makes you feel like you relate to AKPsi?**

I unfortunately do not have any previous experience from the past that is anything like AKPsi because there weren't such opportunities in my school. This is the reason why I really want to join the fraternity – to be part of a professional organization that is dedicated to the professional and social development of its members. I don't believe this is a factor that will put me at a disadvantage in the selection process, because I will be able to provide new ideas to the fraternity, and am committed to enriching both the professional and social aspect of AKPsi.
