Full Name: Kevin Wu

Expected Graduation Date (Month/Year): 05/2021

**1. Have you previously rushed Alpha Kappa Psi? (Yes/No)**

**No**

**2. What other organizations/extracurriculars are you a part of?**

**I am currently in none but I am looking into joining the Babson investment club and Business in Asia.**

**3. How will you contribute to the fraternity? (max 300 words)**

**I love having fun but at the same time, I also like to have my priorities straight. I know as a freshman, I do not have much experience to offer but I love hearing people's ideas and providing feedbacks, being the person people talk to when they have a problem whether it's small or personal, and offering whatever I know based on my experience in New York—one of the biggest and most diverse urban market.**

**4. How do you measure success? (max 300 words)**

**Success isn't simply measured by the amount of wealth one accumulates but rather, it is measured mentally, physically, and emotionally. Living a successful life means to be ambition and passionate for what one likes, do what one likes, and be good at what one likes. Randy Pausch once said, "It's not about the cards you're dealt, but how you play the hand." Everyone has the potential to become successful in their own way, it is a matter of whether one can find the right path. The mentality of success is the ultimate triumph; One can be as rich as one likes but if one isn't doing what one enjoys doing, one is living a life of regrets.**

**5. What previous experience from your past makes you feel like you relate to AKPsi?**

**AKPsi is a family that balances professional life and social life. Prior to Babson, I played for a basketball team in New York but rather than simply a team, we were a family. We were always there for each other through every up and down; We often fight but we always make up after. Similar to AKPsi's balance of social life and professional life, my basketball team is more than just basketball and fun times; We participate in many community service activities, we give each other advice, and the older members help the younger members find jobs. Unfortunately, everyone went their own way for college but we still stay in touch. For me, my basketball team is a family I enjoy being with.**
