According to what I know so far, I understood how Alpha Kappa Psi helps you meet a lot of people who have numerous experiences, for example a few brothers have their own businesses, which can be beneficial for someone who wants to become an entrepreneur in the future through learning from their mistakes. In addition, through Alpha Kappa Psi, you can learn from, and meet people in events organized.

3. If you were a brother of Alpha Kappa Psi, how would you contribute professionally to the brotherhood? **(150 words max)**

If I were a brother of Alpha Kappa Psi, I would contribute professionally to the brotherhood by bringing in my experience from my internship, and my learning from the Bombay Stock Exchange Course during the GAP semester. Also I would learn about the jobs and roles the brothers have, and can complete my job, and probably in the future take on a leadership role in the Fraternity, and lead by example. Moreover, I would actively participate in events organized, and also organize events that I think can be beneficial for the brothers, in terms of meeting new people and taking advantage of networking opportunities.
