1. What are your short term and long term professional goals? How do you think Alpha Kappa Psi can help you in your professional endeavors? **(200 words max)**

I hope to start a social venture that aids under resourced children learn basic life skills, such as what good manners are and how to make good decisions. Often forgotten about, these tools are vital to life success and all children should have them regardless of their at-home situations. As an artist, I also hope to help young companies and nonprofits raise their voice through effective branding and marketing.

Currently my focus is toward working professionally in both education and branding to expand my understanding of difficulties that these children face along with possible viable solutions. The Alpha Kappa Psi community and brotherhood is a wonderful place for me to meet other people who are not only dedicated to their own goals, but also interested in achieving them alongside others. I knew this to be true from the first information session I attended: I was able to expand my network with extremely interesting people of similar energy to me. I really fed off of the members' enthusiasm and drive, I already see many opportunities for both giving and receiving help from the brothers with our endeavors and exciting ideas.

2. If you were a brother of Alpha Kappa Psi, what would you contribute to the brotherhood?

150 words max)

Being an artist and humanitarian, I have strong enthusiasm for new ideas and desire for all to succeed and thrive. At Alpha Kappa Psi, I envision myself having strong initiative to help, care for, share, and take advice from my brothers. At home, each member of my family plays a role in ensuring our success and well-being. My role has always been to make sure everything goes right: from making our vacations the best they can be, to ensuring my sister makes it to her ballet auditions on time. Throughout high school, I played this role in our student government, whom I also considered my family. At Babson, I see myself continuing this role in the Alpha Kappa Psi family.

3. Out of all the applicants, what do you think makes you unique? Why do you believe you should be extended a bid? **(200 words max)**

Each person has unique qualities, and one of mine is spotting and admiring those qualities in others. I call this my superpower, because it has proven to be a valuable and worthwhile skill to be able to work with others and create a strong group based off of the qualities each individual has. Ultimately Alpha Kappa Psi is a team--a brotherhood--working together to help one another grow and achieve goals. As part of Alpha Kappa Psi, my ability to spot and nurture a great team will strengthen the brotherhood and secure even greater prosperity for each member.
