Full Name: **Hayoung Park**

Expected Graduation Date (Month/Year): May 2021

1. Have you previously rushed Alpha Kappa Psi? (Yes/No)

No

2. What other organizations/extracurriculars are you a part of?

I was recently elected as one of the freshman senators. I absolutely love trading stocks and cryptocurrencies so I will be joining the various investing and finance clubs on campus.

3. How will you contribute to the fraternity? (max 300 words)

To me, from my experiences and interactions with brothers at and outside of the events, AKPsi represents much more than a professional business fraternity. Right from the start, even before I got to know the brothers, they were extremely friendly and hospitable. The welcoming environment made AKPsi not only the ideal professional fraternity for networking and professional aid, but my home away from home; a brotherhood that I can rely on and give back to. As a brother at AKPsi, I would dedicate my time, skills, network, and much more that would benefit the fraternity as a whole. I would also love to be a mentor and role model to a younger brother, to be the figure that I wish to have in the fraternity.

4. How do you measure success? (max 300 words)

While success is personal and is relative, I measure success by establishing certain expectations and objectives, then factoring in the amount of time invested and expectations of outcomes, as well as how content I am with my end result. If I meet my bare minimum expectations, I have succeeded, but I would not be thrilled about it. I believe this is a trait that compels me to go the extra mile, to achieve further success and beat my own expectations.

5. What previous experience from your past makes you feel like you relate to AKPsi?

I believe my previous experience being involved in DECA allows me to relate to AKPsi. DECA is a student organization in which students learn about and compete in different categories such as personal finance, retail merchandising, hospitality and tourism, etc. My chapter was an extremely tightly knit community that would work and play together, encouraging higher learning and an even balance between work and leisure. We would motivate and encourage each other, and formed personal connections with other members, similar to what I have observed at AKPsi. We organized and participated in different community service projects and coordinated fundraisers. In DECA we encouraged brotherhood, knowledge, integrity, service, and unity, the core values of AKPsi.
