Full Name: Shaleen Sheth

Expected Graduation Date (Month/Year): May 2020

1. Have you previously rushed Alpha Kappa Psi? (Yes/No)

yes

2. What other organizations/extracurriculars are you a part of?

Babson Consulting Association, Babson Political Association, Sigma Kappa Sorority

3. How will you contribute to the fraternity? (max 300 words)

I have always been passionate pursuing a career in the creative industries such as film, music, and hospitality. It can be challenging to navigate building a career and network in these industries at Babson. I would love to collaborate with Alpha Kappa Psi brothers to create entertaining yet professional events targeted toward these industries. Furthermore, growing up in the Massachusetts area has allowed me to work with various philanthropic organizations that would be of interest to Babson students and AKPsi brothers. I would like to collaborate and attend events for these organizations with fellow AKPsi brothers.

4. How do you measure success? (max 300 words)

I define success as an experience where I learned something new, whether it be a new hard skill or something new about myself as a person. Even if I do not obtain the results I wanted, (a test grade, an acceptance letter, a connection), I always reflect on every experience to see if I learned something from it. One of my classes last semester was very challenging, and I did not do as well as I had hoped. When I look back on it though, I realized that I became a much harder worker, and much stronger in dealing with difficult situations because of this class. I may not have received the result I wanted right away, but I am better off in the long run. Therefore, I would consider that class a successful experience.

5. What previous experience from your past makes you feel like you relate to AKPsi?

AKPsi makes me think about my experience of relaunching the youth ambassador program of a nonprofit I was involved in. The experience included selecting and training co-ambassadors and volunteers to embody the values of the organization such as pride, empathy, and communication; all values I have noticed in the AKPsi community. I also developed strategies that would motivate members each year, and create resources for the to promote the organization in their own communities, which I believe is essential in professional organizations. This experience leads me to think about AK Psi's experience at Babson: the fraternity returned to campus a few years ago, and faced the excitement and challenges that come along with the relaunch of an organization such as growth and establishing an identity on campus.
