

# Alpha Kappa Psi Professional Application

## Questions

1. What are your short term and long term professional goals? **(75 words max)**

My short-term professional goals are to meet new individuals and experience different fields to find a passion. I can only learn so much through studying, but by meeting successful students, I can gain a more personal insight and apply the knowledge to myself. It can enrich my understanding and help me look into my long-term goals and find a passion. This will guide me to a clearer path for my future professional career.

2. Based on what you know so far, how do you think Alpha Kappa Psi can help you in your professional endeavors? **(75 words max)**

AKPsi is known for its diverse and professional environment. Each brother has his/her own unique life experiences and expertise I can learn from. It helps me with my goals to explore and solidify my career choice. Additionally, AKPsi is a warming family that always supports its members, a community I would love to take part in. With their strong support and mentorship for my professional endeavors, I can find a career while forming lifetime relationships.

3. If you were a brother of Alpha Kappa Psi, how would you contribute professionally to the brotherhood? **(150 words max)**

Communication and time management are two areas of strength I can contribute to the brotherhood. During my time at Dunkin Donuts, I talk to hundreds of customers every day and address specific customer needs to deliver top customer service experience. I streamline communication amongst employees to increase accuracy in handling orders and shorten the waiting time. Also, I convey the values of my website through targeting specific market and advertising on the right platform. My communication skills allowed me to connect with more people. Throughout my Sophomore year, I've been working 20 hours every week, finishing all homework on time and hanging out with friends/boyfriend. I have learned to balance work, school and personal life by knowing my goals and planning ahead. These are crucial skills for a professional person and I would love to share my skills and experiences with the AKPsi family to professionally grow alongside the brothers.

## Optional Submission

If you have any personal work (i.e. poem, art piece, programming scripts, etc.) that will help us understand your professional capabilities even further, feel free to include that with your application as well.
