Full Name: Yongbin(Ben) Wen

Expected Graduation Date (Month/Year):December/2019

1. Have you previously rushed Alpha Kappa Psi? (Yes/No)

No

2. What other organizations/extracurriculars are you a part of?

I am a general member in Club Golf and Investment Club.

**3. How will you contribute to the fraternity? (max 300 words)**

The biggest component that I can contribute to the fraternity is my passion about business. I knew I wanted to do business in my childhood. I grew up observing my father trading in the financial market all the time. The complex red and green digits on the screen seemed enigmatically intimidating but gravitating to me since the first sight. I transferred to Babson to chase my dream in business. I can also bring a different perspective to the fraternity. I grew up and lived in China for 14 years. Even though it was tough when I just arrived in the US, I struggled through the difficult phases and now enjoy being able to call two countries my home. This experience gave me a chance to look at things from a wider perspective. More importantly, I am a good friend and enjoy making new friends. Through the rushing events, I already found common interests with many people in the fraternity. I can't wait to get to know them better and have fun while we enjoy our favorite pastimes. I am also a supportive person, as I will go out of my way to help my friends.

4. How do you measure success? (max 300 words)

My definition of success comes in many different forms but all of them lead to the same ultimate ends, reaching the pre-established goals. I deemed that transferring to Babson as an academic success for me. I set the goal to be accepted into a business school, and, through bumps and curves on the road, I eventually go to the school that I wanted. I also deemed my summer internship was a career success for me. I wanted to have an internship as a business analyst. I worked through the applications and interviews to seize my opportunity. Even though it was not the ideal job that I always have in my mind, I knew the experience that I gained from the last summer was setting me up for my dream job.

5. What previous experience from your past makes you feel like you relate to AKPsi?

I love to be around people, and, through all my years in school, I have close friends around me. I was in Alpha Tau Omega fraternity back at University of Washington. I built tight friendships with the brothers in the house. We loved spending time together and always went on hiking during weekends. Even though I go on adventure to chase my dream now, I still want to have the same experience here at Babson. I want to seek friendships in AKPsi and at the same time train my professional skills.
