The deadline for your application and resume is **Saturday, February 9th at 11:59PM**. Under no circumstances will late applications be accepted and you will not be able to continue with the rush process.

Questions:

1. Spades, Hearts, Clubs or Diamonds. Which one are you and why? **(150 words max)**

I am a Diamond because diamonds are typically known for their clarity and how see-through they are. I feel as if I am “see-through” because I am an incredibly honest person and a complete open book (sometimes too much). I have nothing to hide and love sharing everything about myself!

2. If you were a brother of Alpha Kappa Psi, how would you contribute professionally to the brotherhood? **(150 words max)**

If I were a brother of Alpha Kappa Psi, I would contribute professionally by motivating others to do their best when it comes to academics, professional life, and just life in general. I am very uplifting and optimistic, which all my peers say rubs off on them. Additionally, I have been coordinating events with student government since my freshman year of high school. For example, I organized a book drive for Read Across America and we collected over 1000 books from our school (which consisted of only 400 students). I believe I could be an asset when planning community service, social, and professional events for Alpha Kappa Psi.

3. Out of all the applicants, what do you think makes you unique? Why do you believe you should be extended a bid? **(200 words max)**

I believe that I am unique because I am very self-driven and self-motivated to learn new things. When facing challenges, I am not afraid and will always do my very best to solve the problem at hand, whether that means doing something I already know how to do or teaching myself something new. I am always open to learning new things, which is partially the reason why I am rushing Alpha Kappa Psi. I know the brothers will teach me a lot, both professionally and socially, but I think I have a lot to offer to the brothers as well. I will make sure the group dynamic is always positive and uplifting. I think, sometimes at a competitive school like Babson, students can become unmotivated because of all the stress and pressure. I believe, as a brother, I can help others feel more inspired and push them to try new things out of their comfort zones. This is extremely important because everyone needs to keep learning to grow as a person. I really value self-growth and try to apply this into my everyday life.
