Questions

1. What are your short term and long term professional goals? **(75 words max)**

My short-term goal is to work in an industry that I am genuinely interested in. I am still exploring, but soon I would like to find work that I do well and enjoy doing truly. My long term professional goal is to be successful, influentially and financially, enough to give back to the community. I would like to be able to pay forward the help I've received to be where I am.

2. Based on what you know so far, how do you think Alpha Kappa Psi can help you in your professional endeavors? **(75 words max)**

As I am still exploring the wide world of business, I believe AKPsi could help me discover a true path for me. Just from the events already, I was able to widen my view regarding studying abroad, internships, and course advice. I like to surround myself with like-minded people who motivate me. Being a part of such community will positively affect me to challenge myself to become a professional, passionate and genuine member of society.

3. If you were a brother of Alpha Kappa Psi, how would you contribute professionally to the brotherhood? **(150 words max)**

Despite often change of country and environment, I can say that I have been passionate about giving back to the community through my skills and interests. With my fluency in English, I followed my father to a free medical clinic for foreign workers and volunteered as a translator for those who were not fluent in Korean. Also, I wanted to put my passion for photography and makeup to use; so, I participated during a free photoshoot for the elders who could not afford a professional portrait photo that would be used during their funerals. I was community service head during my senior year in high school and executed events such as Sewol Ferry Tragedy Fundraiser and participated in Coup de Heart concert. I would love to contribute to the fraternity with my previous experiences and consistent passion for planning and participating in service opportunities.

Optional Submission

If you have any personal work (i.e. poem, art piece, programming scripts, etc.) that will help us understand your professional capabilities even further, feel free to include that with your application as well.
