Questions

1. What are your short term and long term professional goals? **(75 words max)**

This summer, I am looking forward to participating in EY's Leadership Program or PwC's Elevate program as an early opportunity to prepare me for a full-time internship with either one of the firms that best fits me the following year. Then, I plan to work in their Assurance department for a few years. In the long term, I am planning to partner-up with StockX to solve the big issue of counterfeit market in Indonesia.

2. Based on what you know so far, how do you think Alpha Kappa Psi can help you in your professional endeavors? **(75 words max)**

I believe AKPsi can improve my networking strategies such as delivering an engaging and effective pitch to a potential recruiter so I have a better chance to get the job. I think AKPsi can help me strengthen my professional branding through LinkedIn profile, resume, and cover letter. I also believe that AKPsi has a powerful alumni network around the US that I can connect with to help jump-start my career.

3. If you were a brother of Alpha Kappa Psi, how would you contribute professionally to the brotherhood? **(150 words max)**

I can bring a different perspective to the brotherhood because I was born and raised in a collective culture where we value the needs of a group over the individual. I also have great leadership skills through my experience of leading my school soccer team, consisting of 22 players, for three years. I learned how to quickly solve fights/conflicts in the field between players and remain calm at all situation. I also learned how to support and motivate my teammates through our toughest moments and always get up from failures. This shows how I will help every single brother to achieve his/her professional goal. Through, my experience as the marketing officer in my Indonesian community in Seattle, I can help Babson's AKPsi raise money through fundraising events, sports events, and

sales of food and merchandise. I am excited to run any collaborative event with other AKPsi chapters in Boston.

Optional Submission

If you have any personal work (i.e. poem, art piece, programming scripts, etc.) that will help us understand your professional capabilities even further, feel free to include that with your application as well.
