Full Name:

Junhan Kim

Expected Graduation Date (Month/Year): 06/2020

1. Have you previously rushed Alpha Kappa Psi? (Yes/No)

No

2. What other organizations/extracurriculars are you a part of?

I am VP of Communications for BMAA (Babson Martial Arts Association) and I am currently a member of GIVE tower.

3. How will you contribute to the fraternity? (max 300 words)

Except my job at GIVE tower and martial arts association, I am not committed to any other organizations which means that I have a lot of free time on hand. I will use those free time to the fraternity for its benefit. I was brought up in many different countries and cities (China, US, Korea, Philadelphia, Beijing, San Diego, etc). And I have learned differences of cultures and industries of each place. I am more than happy to share what I know to the brothers. And finally, as a sophomore, in the future, I will help with the brothers who are younger and less experienced to have more successful career in not only in college but in the real world.

4. How do you measure success? (max 300 words)

I measure success not as one's wealth or fame at the end of his or her career, but as one's personal satisfaction and happiness of his or her surroundings. My definition of success is how happy I am at the end of the day and how satisfied I am with the accomplishments I made on each day. In my everyday life, I set up my daily goals or things to do which are to get at least two hours of work out, not be late for any of the class for the day, and to finish all of my homework, and make at least ten people laugh. Before I go to sleep, I measure my success by asking myself if I am happy with how much homework I accomplished for the day, how much workout I have done, or even if I made people around me happy. I believe that by being successful in accomplishing small goals each day, I can be successful in accomplishing bigger goals in the future.

5. What previous experience from your past makes you feel like you relate to AKPsi?

AKPSI

One of characteristics that AKPsi was standing out to me during the recruitment event was the sense of belonging and inclusiveness among the brothers. Growing up in different countries without any of my family around me, I always felt foreign to people around me and I always tried to find people who would give me the feeling of being part of a family. I define fraternity as the group of people like myself who want to form a family outside of their family, I can relate myself to AKPsi because I believe that AKPsi would help me to find the sense of inclusiveness that I have been looking for many years.
