

Alpha Kappa Psi Professional Application

Questions

1. What are your short term and long term professional goals? (75 words max)

As of now, my short term goals are heavily reliant upon my long term professional goal of obtaining a career that incorporates my passion for helping others. Whether it be through education, healthcare, or food security, I know that along the way of getting there, I have to broaden my network and take on opportunities that will provide me experiences in professional settings that will open up new doors for me.

2. Based on what you know so far, how do you think Alpha Kappa Psi can help you in your professional endeavors? (75 words max)

I think Alpha Kappa Psi can help me in my professional endeavors through the guidance of brothers who are willing to share their knowledge and experience. Although we may have different interests and skillsets, this diversity would be beneficial in helping me learn from different perspectives. During my time at Babson, I hope that I can be surrounded by individuals who can support me with my professional aspirations.

3. If you were a brother of Alpha Kappa Psi, how would you contribute professionally to the brotherhood? (150 words max)

The brothers whom I've met at Alpha Kappa Psi have shown me great ambition, passion, and authenticity – characteristics which I highly value and respect in individuals. While there's so much I can learn from being a brother in Alpha Kappa Psi, I would also be able to contribute my passion for social entrepreneurship. Although I have not yet sought out opportunities that could provide me professional experiences with social entrepreneurship, I actively participate in activities and service work related to social change. During freshman year, I lived in the living social change living community, served on Babson's 4th Annual CARE Week Committee, became student manager for Big Brothers Big Sisters, volunteered every Thursdays to serve food at Harvard Square Meals, and taught entrepreneurship to second graders for Junior Achievement. I would love to contribute to the brotherhood by encouraging brothers to integrate and create social good through business.
