

Alpha Kappa Psi Professional Application

Questions

1. *What are your short term and long term professional goals? (75 words max)*

In the short term, I hope to improve my coding skills and code my online store's website. After experimenting with different projects as an intern at PippaandJulie, I have started to grow a strong interest in graphic design and the more visual aspects of coding. I have always aspired to be a successful entrepreneur and would like to have my mind set on an idea, by the time of my graduation at Babson.

2. *Based on what you know so far, how do you think Alpha Kappa Psi can help you in your professional endeavors? (75 words max)*

I know that brotherhood is an important core value to Alpha Kappa Psi and I really admire the fact that each and every brother is always willing to contribute their time and efforts to help each other. Being surrounded by so many talented people definitely will be a great push to stay motivated and stick to my aspirations.

3. *If you were a brother of Alpha Kappa Psi, how would you contribute professionally to the brotherhood? (150 words max)*

I take pride in everything I do and always make sure to complete everything to the best of my abilities. And if I were a brother of Alpha Kappa Psi, I would definitely represent the fraternity in the best way possible. I can also contribute my ideas and graphic design work. I am willing to commit my time and efforts to Alpha Kappa Psi. Even if I am busy with work, my heart and ears will always be open and I am willing to sacrifice my free time to contribute the most I can to Alpha Kappa Psi.
