Questions

1. What are your short term and long term professional goals? **(75 words max)**

The field that I am primarily interested in pursuing is operations management because it is the backbone of any business. My short term goal would be to work in operations for a company, preferably relating to skincare within a few years of graduation for at least 3-5 years. I would then like to continue on with my career by pursuing operations consulting after I gain a good amount of experience and knowledge in the field.

2. Based on what you know so far, how do you think Alpha Kappa Psi can help you in your professional endeavors? **(75 words max)**

Seeing accomplished brothers constantly strive to improve themselves inspires me to continuously better myself. Since the brothers are interested in a multitude of fields, come from all over the world, and have a variety of experiences, I will receive a great amount of exposure. AKPsi is a community where brothers not only strive for the best, but also push other brothers to do the same and want to help one another in any way possible.

3. If you were a brother of Alpha Kappa Psi, how would you contribute professionally to the brotherhood? **(150 words max)**

I am genuine and devoted, so I will always be ready to be of any assistance to anyone and will give it my best. I have put a lot of myself into community engagement throughout my life and I learned, through those experiences, just how valuable a community is, so I want to continue building the AKPsi community and want it to be a group of people that can trust each other. However, I believe that the biggest contribution I can make as a brother is to give back. I will not only give back to other brothers in terms of time and effort, but also in whatever skill I learn. Even throughout the rushing process, I received many helpful tips from brothers that I hope to be able to share with generations after. I hope not only to improve myself, but also to improve others.

Optional Submission

If you have any personal work (i.e. poem, art piece, programming scripts, etc.) that will help us understand your professional capabilities even further, feel free to include that with your application as well.
