

AKPSI

Alpha Kappa Psi Rush Application Fall 2018

Instructions: Submit this document with the questions answered **AND** a copy of your resume. You must submit this application to akpsigammanu@gmail.com (or on our website at www.akpsibabson.org) by Sunday, September 16th by 11:59pm. Under no circumstances will late applications be accepted. You **MUST** submit an application in order to move on in the rush process!

1. What are your short term and long term professional goals? How do you think Alpha Kappa Psi can help you in your professional endeavors? **(200 words max)**

My primary short term professional goal is to improve my ability to articulate my thoughts into words so I can become a better public speaker. I know that Alpha Kappa Psi can help me with this goal since there are many brothers who specialize and excel at public speaking, such as Ryan Lavery and Paul Han and many more. Another short term goal is to extend my professional network past the current students and faculty members of Babson College, which can be achieved through Alpha Kappa Psi's extensive connections in the working world. My long term professional goals are to graduate Babson College after double concentrating in Business Analytics and Information Technology Management and become a data scientist. I believe that Alpha Kappa Psi can guide me through the process of double concentrating and help with finding the right industry for me to work in.

2. If you were a brother of Alpha Kappa Psi, what would you contribute to the brotherhood? **150 words max)**

The members of Alpha Kappa Psi cultivate a professional environment where they strive to not only better themselves, but their brothers too. I believe that this encompasses the definition of brotherhood, which is giving more for others than what you take. If I were to become a brother of Alpha Kappa Psi, I am confident in my ability to maintain this culture inside the classroom through my position as a SPARK tutor and consultant for the Math Resource Center. Two semesters' worth of experience would allow me

to help my brother's succeed in courses in which I have excelled. Outside of the classroom, my involvement with two Babson startups would allow me to contribute meaningful insight to help guide the brothers who wishes to build their own startup one day. Overall, I believe that my academic and professional experiences can help lead the brothers of Alpha Kappa Psi.

3. Out of all the applicants, what do you think makes you unique? Why do you believe you should be extended a bid? **(200 words max)**

Before attending Babson College, I knew that I did not want to simply be another student who goes to class and hang out with her friends and study. I wanted to make an impact on the lives of my peers and give back to my community in a lasting way. This goal is not unique, as many others have the same intentions. However, the difference between me and most others is how committed I am to whatever I do. That commitment is what allowed me to become a SPARK tutor during my freshman year of college despite the highly competitive nature of the hiring process. That commitment allowed me to rise to a position where I can demonstrate my leadership abilities and help those who are struggling academically. This same commitment will be applied to Alpha Kappa Psi if I were to get a bid. As a brother, I would actively participate and engage in chapter meetings, community service events, and more. I would constantly aim to better the business fraternity through innovative ideas and discussions. To me, Alpha Kappa Psi would not just be something that I put on my resume; it would be a family.
