WORK EXPERIENCE

COO and Founder, **Imprint (Student-led Venture)** *Fall 2018 – Present*
- Directly managed marketing and sales teams, coordinating meetings and strategy for the two divisions
- Continuously developed company's short-term goals and tasks alongside other executives
- Modeled and monitored company's chain of operations, delegating tasks for maximum efficiency

Stockperson, **Moulton's Market,** Amherst, NH *Summer 2018-Present*
- Coached 5+ new stock workers, teaching them the day-to-day operations of the restaurant
- Developed pizza-making and deli-slicing skills in order to use downtime more effectively

Intern, **HybridValley Solutions,** Boston, MA *Summer 2017*
- Wrote white papers on company's software in order to explain technical subjects in everyday terms
- Researched potential avenues of expansion, creating PowerPoint presentations on results
- Directly communicated with potential clients, placing phone calls and sending emails
- Attended tech networking event on behalf of company

Cook, **McDonald's,** Milford, NH *February 2016-February 2017*
- Cooked in fast-paced, high-pressure environment while balancing multiple timed stations
- Efficiently assembled food in teams of 2-4, minimizing food preparation times

Software QA Intern, **appScatter,** Newton, MA *Summer 2015*
- Tested front-end web application, finding 20+ bugs or strange behaviors most days
- Generated over 30 reports on issues and potential improvements, aiding development team in creating bug-free UI

LEADERSHIP

Board Member, **Souhegan High School Judiciary Board** *2016-2017 School Year*
- Worked on team with other board members to determine fair repercussions for rule violations
- Drafted and proposed creative, rehabilitation-minded solutions to rest of board
